Profile

Frontend Developer with 5+ years of experience delivering **end-to-end development of scalable, high-performance web and mobile applications**. Proficient in **ReactJS, NextJs, React Native, JavaScript (ES6+), TypeScript, HTML5, CSS3, and SCSS**. Skilled at **building reusable components, integrating APIs, optimizing performance**, and ensuring **responsive design** across all devices. Proven success on large-scale products like **Allen** [🔗](#), **Walmart** [🔗](#), **RummyCircle** [🔗](#), and **Wowzy Ludo** [🔗](#).

Skills

React JS | Next Js | JavaScript | TypeScript | React Native | HTML5 | CSS3 | Redux | SCSS | Git | Salesforce

Professional Experience

Recro [🔗](#), Senior Software Engineer - frontend 03/2026 – Present | Bangalore, India

- Developed and maintained scalable, high-performance web applications for **Allen.in** [🔗](#), supporting thousands of daily users and internal branch dashboards.
- Built reusable and modular UI components using **Next.js, React, TypeScript, SCSS, and Tailwind CSS**, improving maintainability and development efficiency.
- Optimized application performance using **React Hooks** (useMemo, useCallback), lazy loading, and code-splitting techniques.
- Implemented **Redux** for efficient state management and scalable application architecture.
- Integrated REST APIs and handled **JSON-based dynamic UI rendering** using a Design System (DS) configuration.
- Monitored, debugged, and resolved production issues using **Sentry**, improving application stability and error tracking.
- Collaborated with backend developers, designers, and QA teams to deliver responsive, cross-browser compatible, and pixel-perfect user interfaces.
- Followed Agile methodologies, participated in code reviews, and managed source code using **Git**.

Publicis Sapient [🔗](#), Associate Technology L2 – Web developer 12/2025 – 02/2026 | Bangalore, India

Working with **Salesforce Business Manager**, creating and managing Salesforce-based websites using **HTML, CSS, and JavaScript**. I focus on building responsive, user-friendly interfaces and integrating business requirements into scalable Salesforce web solutions.

Games24x7 [🔗](#), Frontend Developer 01/2025 – 09/2025 | Bangalore, India

- Took complete ownership of frontend development for **RummyCircle** [🔗](#) and **Wowzy Ludo**, [🔗](#) delivering **responsive, scalable, high-performing, and SPA** UIs using **ReactJS, React Native, Redux and React Hooks**.
- Built and deployed **reusable UI components**, ensuring **consistent design patterns** and reducing development time by 30%.
- **Integrated REST APIs** and collaborated closely with backend teams to implement seamless data exchange and optimize loading performance.
- Improved **animation performance** using React Native Animated, resulting in smoother interactions for 200M+ active users.
- Participated in **code reviews, debugging, and testing** to ensure production-quality code.
- Automated deployment pipelines using **Docker, Jenkins, and Gitbucket CI**, improving release efficiency.
- Created internal **Figma-to-Code documentation**, reducing frontend design turnaround by 40%.

Tech Mahindra [🔗](#), Software Engineer - Frontend 02/2022 – 07/2024 | Bangalore, India

- Built and deployed **modular, responsive UI** for **Walmart's global e-commerce platform** using **ReactJS, React Hooks, HTML5, CSS3, and ES6**.
- Converted legacy **iframe-based pages** to **SafeFrame architecture**, boosting page security and performance.
- Collaborated with design and backend teams to implement new features and **optimize application scalability**.
- Led code optimization initiatives improving **page speed and rendering time**.
- Participated in **sprint planning, testing, and version control** using Git for production releases.

Dotline Web Media Pvt Ltd [🔗](#), Web Developer 06/2020 – 01/2022 | Bangalore, India

- Developed and maintained **dynamic, responsive websites** using **HTML5, CSS3, JavaScript, jQuery, and Bootstrap 4**.
- Optimized applications for **maximum speed and scalability** across browsers and devices.
- Conducted **debugging, testing, and deployment** on hosting servers ensuring uptime and performance.

Education

Master of Science in Information Technology (MSc IT), Jain University [🔗](#) 2017 – 2019 | Bangalore, India

Bachelor of Science in Information Technology (BSc IT), Tripura University [🔗](#) 2014 – 2017 | Agartala, India
